Louise St John Howe
Programme Officer
Welwyn Hatfield Local Plan

Dear Louise

**Welwyn Hatfield Local Plan
Consultation on Examination Document EX 223: Treatment of Green Belt Boundaries
Site HS27: Land at The Meadway, Cuffley**

We refer to the additional consultation being undertaken on the content of Examination Document EX 223 and would confirm on behalf of our clients, Stonebond Properties Limited, that the intended approach to the treatment of the eastern boundary of the proposed allocation is acceptable.

This is consistent with the discussions that took place at the Hearing Session in August 2020 and in the case of the land at The Meadway, Cuffley additional planting to define a new Green Belt boundary can be achieved on land which is within the same ownership.

Yours sincerely

Nick Ward MRTPI
