

HS30 and HS29

Green Belt Boundary proposed to the NW boundary if both sites are allocated

LEGEND

- 1 Strengthened and reinforced landscape screening as double staggered hedge planting interspersed with specimen trees, to be consistent across HS29 and HS30.
- 2 Fences to individual plot boundaries with boundary planting within proposed gardens co-ordinated with HS29 site adjacent
- 3 Proposed mixed tree planting and underplanting to fill any gaps along Northaw Road East
- 4 Strengthening and improvements to existing planting along western boundary (currently defined by access road and Hemshill Brook) with densification and underplanting
