

Addendum to Inspector's Interim Report EX212.

Paragraph 117 of the Inspector's Interim Report has been amended in the first sentence to read as follows:-

Amendment: The SA identified many more positive than negative effects and the Stage 3 GB study considered the combined harm on the GB to be **high, because further development would weaken the GB boundary.**

On balance

Previous Text: The SA identified many more positive than negative effects and the Stage 3 GB study **only** considered the combined harm on the GB to be **moderate/high.** On balance
